A. Shumway has handed down a de-  
cision in the case of Sarah J. Wilson

organ of the circulation of your blood.  
It is of the utmost importance that it  
should do its work well. The quality  
and quantity of your blood have  
much to do with its action.  
It is the mission of Hood's Sarsa-  
parilla to make the blood pure and  
abundant. Thousands testify that it  
does this great work. There is no  
better blood remedy, stomach tonic

the ground that a farm in Montville

**MANLINESS STANDARD**  
IS GOING UP  
Harder to Be a Real Man Today Than  
in Colonial Times.

Red blooded men was the subject  
that Rev. C. H. Ricketts spoke of at  
the Y. M. C. A. shop meeting held at  
the Richmond Radiator company, Wed-  
nesday noon before a very atten-  
tive audience. Potter, who was ac-  
companied by Miss Letitia Kramer  
sang several pleasing solos. Rev. Mr.  
Ricketts said in his address that  
it has always meant very much to be  
a man in the real sense of the  
term, and never more so than in this  
present age. The idea that a man  
has at his disposal to make the most  
of himself were never so great as now  
but strange enough a man never had  
to pay so big a price to be red-blooded  
as now. Increased opportunities have  
pushed up the standard (it has gone  
up like the cost of living) and to reach  
that standard requires a mighty ef-  
fort. It is harder to be a real man  
today in a modern city with a thou-  
sand temptations than it was in puri-  
tanic Boston two hundred years ago  
with an atmosphere of religiously  
teaching a high standard of living.  
So great as here and now, a man  
is going to be rated by that possi-  
bility. It takes more to be a real  
man today than it did in the past.  
To be a man on the banks of the Con-  
necticut than along the shores of the  
Congo.

**Hereditry.**  
What makes red blooded men?—  
that is, men of splendid nerve, min-  
gled with will power and moral in-  
fluence—is it heredity? To some extent,  
yes. It is the blood that is the in-  
spring of tuberculosis, typhoid, in-  
sanity and idiocy are handicapped  
from the start. Such unfortunate are  
not to be pitied, but rather to be  
it is true that "like produces like"  
then it is better to have a brainy man  
for a father than a mere dummy and  
it is better to have a business man  
overworked. It sometimes works to  
a man's disadvantage to have a big  
grandfather for two reasons, first, if  
the man by his own effort makes good,  
his grandfather gets the credit. If he  
falls that his grandfather gave him a  
respectable name. It may be that blood  
counts, but it doesn't always make red  
blooded men.

**Makings of Society.**  
Human society is made up of verte-  
brates and mollusks. The mollusks  
vertebrates want their minister to be  
a red blooded man of ideals—to have  
the courage of his convictions, to be  
able to stand for something worth while—  
to boldly attack injustice and wrong,  
even if by so doing he makes one-half  
of the congregation his enemy. But  
not so the mollusks. They want the  
minister to trim his message so as not  
to make them squirm. Let him preach  
on sunsets and tulips and roses but  
not on the "wages of sin." As there  
is action and reaction between pulp-  
it and new they will jellyfish in the  
pulpit as long as there are namby  
pamby in the pew.

The speaker then put terrific em-  
phasis on the necessity of red blooded  
men at the head of corporate bodies  
and in all places of high trust and  
also that real backbone strength was  
in demand for in lawless times the  
woman's ideal was a man of towering  
masculinity, strong, virile and yet lov-  
able. He closed by showing that the  
more we reward the man for his  
effort put forth for the immortal crown  
of manliness.

**SUPREME COURT BUSINESS**  
WAS CONCLUDED.  
Closing Arguments Heard in Wilcox  
vs. Downing Brothers.  
The supreme court of errors finished  
its business in this city Thursday  
morning, being in session only an hour,  
during which time it heard the closing  
argument in the case of Martha A.  
Wilcox against James Downing and  
brother. At the conclusion of this  
matter, court adjourned without day.  
The court had been in session since  
Tuesday morning, hearing six cases  
that were argued before it. One of the  
seven cases on the list was transferred

ford.

**THERE'S NO CORN THAT**  
"GETS-IT" WON'T GET  
No More Fusing, Plasters, Salves and  
Corn Pains. Try the New Way.

"Just look at the way that corn  
comes off!" That's what you'll say  
when you try wonderful "GETS-IT"  
on that corn you've tried so long to  
pry off of your toe. It's easy to ap-  
ply "GETS-IT"—one, two, three, and  
it's done! The corn begins to shrivel,  
away it goes, surely, absolutely. A  
few drops will do it. "GETS-IT"  
never makes toes red and raw. Corn  
pains go! It means the end of cutting  
and gouging of corns, the end of  
starchy plasters that don't work any-  
how, the end of salves that eat up  
your toes, no more "harness," or fus-  
ing. Try "GETS-IT" the new, sure  
way for corns and calluses.

"GETS-IT" is sold by all druggists,  
25c a bottle, or sent direct by E. Law-  
rence & Co., Chicago.

**Real Cleanliness**

You will like the sensation  
of real cleanliness and refresh-  
ment that follows the use of

**Pebeco**  
**Tooth Paste**

The refreshed feeling that  
Pebeco leaves is the indication  
of a big fact in modern den-  
tistry. It means that Pebeco  
has promoted a normal flow  
of natural alkaline saliva. And  
this has neutralized "acid-  
mouth," which authorities say  
most of us have and which is  
almost the sole cause of tooth  
decay.

If the germs can't penetrate  
the enamel, they can't decay  
a tooth. Since Pebeco saves the  
enamel from "acid-  
mouth," it helps save the  
teeth from decay-germs.

Pebeco is the complete den-  
tist's. Its all-round efficiency  
is shown in the way it cleans,  
whitens and polishes the teeth  
and overcomes unwholesome  
breath. Sold everywhere.

**Expensive**

Aside from the pain and the  
discomfort, the delay of hav-  
ing a tooth filled when the cav-  
ity just begins to assert itself  
means added expense. The  
treatment and filling by our  
system are always painless  
and the immediate attention  
to a cavity saves additional ex-  
pense. DO IT NOW is a  
good dental precept. Exam-  
inations Free.
